

Molecular Property Spectrometer™ MPS™ R-290 Sensor

MPS Firmware Version History

MPS R-290 Sensor 5.0.1.0 Release Notes

Build 5.0.1.0 has the following improvements and updates:

- Fixed an issue where sending the stop command during the sensor start-up phase could damage the sensing element.
- Improved reported concentration accuracy when the sensor detects gas at startup (0x33 status).

MPS R-290 Sensor Version 5.0.0.0 Release Notes

Build 5.0.0.0 initial release:

- Firmware optimized for the detection of refrigerant R-290 (propane).
- Firmware supports sensor performance to UL/IEC 60335-2-40 by design.
